**Principal Report**

Thank you on behalf of the staff and students for your collaboration during this very challenging year. Your commitment to the school has been overwhelming considering the circumstances we have all found ourselves in. The Cutting Day and the other smaller fundraisers we have undertaken, have been overwhelmingly successful to say the least. The money that you have raised this year has been spent on supplementing the purchase of a new shade sail, mathematics programs and resources and decodable readers. Thank you also for your cooperation regarding payments and permission notes during Term 4.

A very big thank you to Jamie Maddocks for his time and help during the panel process for the teaching position. It's not an easy task and Karen is very appreciative of his help.
